Agreement and acknowledgement

Payments apply to the oldest unpaid scheduled installment. Partial payments reduce the amount owed; they do not change contractual dates. Extra money above the remaining balance must be handled separately and is not accepted silently. Corrections preserve the original transaction and require a recorded reversal.

SAMPLE ONLY. Replace with appropriate reviewed agreement terms before signing. This file contains no real borrower or transaction.

The borrower acknowledges the amounts, schedule and disclosed charges above and, when funds are actually handed over, acknowledges receiving the cash shown. Signing a draft alone does not record cash release in OweMe.
